

Beer-onomics

In what way could this represent the economy?

Beer economy 1

Economic situation (how is the economy doing – well/badly? How will the policy objectives be doing?)

Policy response – what should the government be focused on

(i) in terms of the beer and glass

(ii) in terms of the real economy

Beer economy 2

Economic situation:

Policy response?

Beer economy 3

Economic situation:

Policy response?

Beer economy 4

Economic situation:

Policy response?
