It is important that you are able to expand upon your ideas and analyse language and its effects closely. Here is a template to use:

1. Choose the word or phrase

2. Explain the literal meaning

3. Explain the connotations or implicit meanings (there may be more than one!)

4. Link back to the question, other part of the poem or theme

5. Identify the techniques being used

6. Explain the effect on the reader

1	Word or phrase	
2	Literal meanings	
3	Connotations or implicit meaning	
4	Link to question and to other parts of the poem	
5	Techniques	
6	Effect on the reader	

Now try and put this information into a paragraph.
